QNET presents:

Presence: Develop the “YOU” Who Enters the Room[®]

Two half days: Thursday, April 7 and Wednesday, April 13, 2016 – 12:45 to 4:30 p.m. (both days)

Location: QNET – Suite 660, 175 Hargrave Street, Winnipeg

Are you maximizing both your inner and outer *Presence*? Achieving synergy and integrating your inner / outer presence is what truly makes people magnificent in both their professional and personal lives.

Draw people in, keep them engaged and send the message you want to send.

Through an integrated approach, learn how specific elements of presence are key to your roles and relationships within your team, workplace, organization, and industry. By combining outer presence (behaviour, appearance) and inner presence (mindset, strengths, intention), you will discover a map to build greater trust, rapport and success with staff, colleagues, clients and industry partners.

In this program you will:

- Define presence for your role / profession / industry.
- Take an in-depth look at the eight elements of *Presence*.
- Learn the importance of each element in your daily professional and personal life.
- Study and learn the key strategies to help you apply each element.

This program is for all people of all ages and at all levels within an organization – from front line employees to top executives, along with entrepreneurs and others looking to enhance their professional development toolkit. You will be offered a way to awaken *your* ideal *Presence* and learn why this is important for *your* leadership style, *your* relationships and *your* success.

Facilitator: Christine Paquette, President of Bridge Dynamics, specializes in working with individuals, groups and companies through her *Develop Your Ideal Presence[®]* Program. Within this integrated approach, she trains clients in identifying the specific elements of *Presence* that are key for their roles and relationships within their organization and industry.
