Location: QNET – Suite 660, 175 Hargrave Street, Winnipeg

COURSE PRE-REQUISITE: Crucial Conversations (two day course)

This one-day training course builds on the skills learned in Crucial Conversations and introduces a powerful set of new skills to resolve your most challenging accountability issues. It enables those who already have knowledge of crucial conversations skills to diagnose why someone keeps falling short of set expectations and then derive a plan that both motivates and enables the other person to successfully change his or her behaviours. These additional skills are perfect for crucial accountability discussions that seem resistant to dialogue skills alone. Workshop participants receive a copy of the book *Crucial Accountability* and a Workshop Toolkit.

Learn how to:

- Hold anyone accountable, regardless of position or personality.
- Begin any performance discussion on the right foot – avoiding defensiveness and costly arguments.
- Diagnose the underlying causes of misaligned or bad behaviour.
- Motivate without using power and enable without taking over.
