With Jim Clemmer - bestselling author, keynote speaker and workshop leader

Tuesday, April 6, 2010 – 8:00 a.m. to 4:30 p.m. – in Winnipeg

Leadership is clearly *the* key to success. Developing these “soft skills” and aligning them with organizational goals is critical to high-performance in an increasingly competitive and rapidly changing world. But despite all the talk about leadership and change, many “change fatigued” development professionals and managers struggle with just *how* to strengthen personal effectiveness and leadership.

You need *practical* and concrete leadership actions you can apply on the fly. And you need implementable strategies that work. Drawing from three decades of research, writing, and working with hundreds of leadership teams, Jim Clemmer is uniquely qualified to help individuals, teams and organizations recognize and develop the key elements of *practical* leadership that will allow them to thrive in an environment of constant change. This is a rare opportunity spend a full day tapping into his extensive experience and deep expertise.
