

BOARD GOVERNANCE

QNET Presents:

Know Your Role and Obligation as the Board of Directors

Monday, May 10, 2010 – 11:45 a.m. to 1:15 p.m.

Frequently, boards and staff and management in organizations experience confusion and frustration when governance roles are not clearly understood and adhered to. This also creates unnecessary risk exposure for the organization. This presentation will help participants create clarity and alignment between the roles of the board members and the roles of the executive management team.

Learning objectives:

- Understand the options regarding how a board will govern.
- Understand the role of the Board of Directors and how it is different from the role of the Executive Management team.
- Review the basic structures and processes a board uses to govern.
